the targest comployers of labor in this If one pathfully be said. thus is well equipped to apply small mainess principles to the afform of

FOR REVENUE ONLY KEY PITTMAN

SHORNER OF MINE BURERY OF The criff bill passed by the last congress are amused as the propagately being emendated by the democrate in thur offorts to creare an impression that Sonator Phyman is not a discuple of

The fact is that the Congressional Record shows often Pirineas either coted against or was paired against ractically all of the amendments 's the firstiff actoproposed by the securi inance committee which had charge of the bill. The exceptions were ame articles in which Neveda producers are interested and even some of those were opposed by Pittinan

But that is not the worst part of he record so far its it relates to that although he supported a tariff on some articles produced in Nevada, he millified his own vote on those amendments by voting against the bill on its final passage.

All of this goes to show that Seator Pittman is just as much a free trader at heart as are the leaders of his party. It means that he stands for the democratic platform which declares for a tariff "for revenue only," which serybody knows means "free trade."

In the face of these facts which way do you believe Senator Pittman would vote in case he is re-elected. and the democrats should be returned to power during his term? Do you. believe that he would insist on a tariff being placed on Nevada prodners or do you believe he would hop into his party band wagon and stand for free trade? In answering these questions for yourself it should be remembered that Senator Pittman has been one of the strictest "party men" in the United States senate and that democratic patronage is never bestowed on senators who attempt to "buck" the party program.

NARROW ESCAPE FROM NEAR EAST IMBROGLIO

The present imbroglo in the near east brigs forc'bly to mind that had Senator Pittman and President Wilson prevailed the United States undoubtedly now would be in a fair way to become mixed up in the tangle between Turkey, Greece and Great Britain. For had Senator Pittman, who at that time posed as one of the spokesmen of the white house. been able to persuade enough senators to vote for President Wilson's league of nations the United States the league and could not have escaped responsibility in the present crists

It is surprising how quiet the democrats, particularly Senator Pittman, have been about the league of nations during the present campaign. It is only a short time ago that the late lamented Jimmy Cox returned from Europe and began immediately to spread the pro-league doctrine 44444444 many and Hungary. The record shows that he voted against resoluno ratifying peace treaties with hose countries

THE MESS THEY MADE

Frank H Simonds thinks that Grea-Britain is threatened with a Moslem a revolt of the Arabs in Mesopotamis and Palestine, France with a similar revolution in Syria, and both Prance and Italy with a Mohamma dan rebellion in their colonies of Tripoli, Tun's, Algeria and Morocc All this impending trouble is directly traceable to the specess of the Turks the league of nations. Is it may won der that the league makes no proress in the direction of world pend wigh specifiers have steered clear of

It is well that the administrati veyada who also would be interested thating from well-meaning probhearing why Senator Pitiman arging him to send the American her do no sil in his power for the leny and many against the Turks cagor of unitions, strenaously op the president and Secretary Hughe used the treates had before the tave steadfastly held out against all cause as a result of the disarma such importanties, well knowing that B also is interesting to note that for the United States to mangarate
